1. Basic requirements are listed below. Applicants must meet at least one of these requirements. (Grade-point average (GPA) requirements are based on a four point scale.)

District agents and parish chairs are urged to give careful thought to the qualifications recommended for a position. The Director has final approval on qualification requirements for any position.
 - a. Qualification requirements must not be so specific or stringent as to be unrealistic in terms of reflecting the anticipated applicant pool.
 - b. Qualification requirements may not be tailored to the background of one or two individuals in order to limit the applicant pool.
 - c. Qualification requirements should be flexible enough to cover diverse combinations of education and experience.
3. Having consistency in qualification requirements from parish to parish should be balanced with having specific qualification requirements which meet the unique needs of individual parishes.
 - a. The number of years experience and required degree (e.g., baccalaureate vs. masters) should generally be consistent between parishes for the same job title.
 - b. There may be differences in the degree disciplines and area of experience desired from parish to parish.

C. Application Procedure

1. Applicants for positions must submit an Extension Faculty Employment Application form and the following supporting documents:

3. The Associate Director will review the record and recommendations, follow up if necessary and, in conjunction with and approval from the Director, make the final decision.
4. No offer, either verbal or written, may be made or implied until the Associate Director has made his/her decision, nor should the top applicants be rejected until the position has actually been accepted.

F. Miscellaneous

1. *Interview Expenses.*

Since applicants for **specialist positions** are recruited from throughout the United States, the LCES will pay for expenses for the top applicants, not to exceed three and a maximum of \$1000 per applicant. The actual amount to be paid will be determined by the Director's office based on rates available for the location from which the applicant is traveling. Generally, expenses will not be paid for an out-of-state applicant who has been interviewed within the last two years. Reimbursement for expenses must be made in accordance with state travel regulations. If airfare is to be paid, a request to use the BTA account must be submitted.
 - c. The Director may make exceptions under valid circumstances.
2. Most applicants are ineligible for employment in their "home parish" until five or more years have passed since the date of graduation (baccalaureate degree). Home parish is defined as the parish in which the person was legally domiciled or actually resided or attended high school for the five-year period immediately prior to the date of graduation from high school.
3. For parish positions, employees are generally required to reside in the parish in which they work.
4. The Director may elect to exclude applicants from further consideration for employment for valid reasons such as consistently poor interviews, failure to report for scheduled interviews, or other reasons which make the applicant unsuitable for employment.

5. An applicant who requires a special application procedure or accommodation must submit a written request which must be received on or before the application deadline for the position he/she wishes to be considered for. The request may be attached to the application form or sent separately. Requests will be handled in accordance with applicable federal and state laws.
6. The Director may approve exceptions to this policy under justified circumstances when such exceptions would serve the best interest of the organization.
