Take a road trip across Louisiana and learn about our culture, government, and people! Kickoff with the “Carnival of Culture”. You will have the opportunity to explore our unique culture playing musical games with Louisiana’s very own music. Some of Louisiana’s famous paintings will be introduced, and you will have a chance to include your own style into Louisiana by participating in a recreational painting session. The importance of Louisiana in WWII will be discussed where you will participate in a mock WWII maneuver, and you will get a closer look at how our government works. Finally, leave your mark on our wonderful state by planting trees around Camp Grant Walker that will continue to grow for many years to come!
