4-H Camp Multipurpose Building Project

With 87 years of success, the Grant Walker 4-H Educational Center is poised to broaden its scope of youth impact in Louisiana. The kids now attending Camp have no multipurpose gathering facility to assemble in. On many occasions, campers must wait the rain outside the cafeteria to line up for all meals. Additionally, there is no facility for educational gatherings large enough for all campers attending any one camping session. The construction of a multi-purpose assembly building that can accommodate all campers is crucial and a top priority. We need your help to make this a reality as the use of private donations will be the only way this project will come to fruition. Every parish in Louisiana will be impacted by this project.
