

Qinglin Wu

Professor

Louisiana Forest Products Development Center & School of Renewable Natural Resources

Room 107, Renewable-Natural-Resources Building

Baton Rouge, LA 70803

(225) 578-8369

(225) 578-4251 - fax

QWu@agcenter.lsu.edu

Education:

- Ph.D., Forest Products (Minor: Mechanical Engineering), Oregon State University
- M.S., Mechanical Engineering, University of Tasmania
- B.S., Agricultural Engineering, Henan Agricultural University

Areas of Specialization:

- Wood/natural fiber polymer composites
- Biomaterials from natural polymers
- Composite durability and engineering performance
- Nano-composite materials

Achievements

- Authored over 100 technical papers in journals, books and proceedings
- Awarded over 35 grants
- Earned almost 4 million dollars in grant awards
- Fellow, International Academy of Wood Science
- JSPS Visiting Fellow, Shizuoka University
- Honorary Board Member, Chinese Forestry Society
- Research Award, Sigma Delta Gamma Honor Society
- Markwardt Wood Engineering Award for Excellence in Wood Engineering Research
- Wood Award for Excellence in Graduate Research
