

Cristina M. Sabliov

Associate Professor

Biological and Agricultural Engineering Department

Room 141 E.B. Doran
Baton Rouge, LA 70803
(225) 578-1055

CSabliov@agcenter.lsu.edu

Education:

- Ph.D., Food Science/Bio. & Ag. Engineering, North Carolina State University
- M.S., Chemical Engineering, North Carolina State University
- M.S., Agricultural Engineering, University of Missouri-Columbia
- B.S., Food Technology, Lucian Blaga University of Sibiu, Romania

Areas of Specialization:

- Nanoencapsulation of bioactive components for controlled drug release and food applications
- Numerical modeling of bioprocesses involving multiphysics phenomena
- Microwave heating, supercritical fluid extraction and microwave extraction of bioactive components from plants

Achievements:

- Authored 2 book chapters
- Authored over 20 publications
- Tiger Athletic Foundation Award - Outstanding Teacher (Assistant Professor) in the LSU College of Agriculture
- Professor of the Year. Biological Engineering Student Organization
- Empire Who's Who of Women in Education
- Who's Who in Agricultural Higher Education
- Who's Who in Engineering Academia
- Certificate of Merit for outstanding scholastic ability, Institute of Food Technologists (IFT)
