

POULTRY DIVISION

Please note: Given the health concerns with COVID-19, there is no guarantee that the LSU AgCenter State Livestock Show will occur as advertised. With that in mind all livestock show participants and families should note that purchase and/or validation of animals is at their own risk and financial investment.

Due to concerns with COVID-19, schedules and times are subject to be changed by Show Management.

Dead broilers will not be judged. If a broiler dies during judging, the pen will retain its current ribbon group placing. However, the pen will not be able to place any higher than its placing at the time of death. (Bird substitutions will not be allowed.)

Exhibitors must be present and part of the group when their pen of birds is presented to be evaluated by the official judge. (In the past exhibitors were only required to be present during the championship judging.)

- B. An entry must consist of three broilers (either three pullets or three cockerels).
- C. The entry should weigh at least 9 pounds at the state show.

After cooping, exhibitors must report their coop number(s) and all leg band numbers to the Poultry Superintendents. Exhibitors are responsible for writing the leg band numbers on their coop tags (which must be hung on the coop) and check-in sheets (which must be given to the Poultry Superintendents).
