Oak Hardwood	42	-2
Hardwood Sawtimber –Mixed Grade	32	-10
Hardwood Pulpwood	9	2

¹ The following document is intended for use by forest stakeholders in Louisiana. The source of these prices is proprietary in nature and rounded per agreements to disseminate to the public. The prices I report are also state averages. I recommend using this document and those produced by Louisiana Department of Ag and Forestry to aid in decisions about purchases, sales, and

determining harvesting schedules. As always, communicate with a **consultant forester** on prices before executing contracted agreements with wood buyers.

****Price Conversions: Pine Sawtimber/ MBF= Tons * 8; Hardwood Sawtimber/ MBF = Tons * 9.5; CNS and Pine Pulpwood Cords = Tons * 2.7; Hardwood Pulpwood Cords = Tons * 2.85*****
