

PUBLICATIONS LIST FOR 2001

Bischoff, K.P., K.A. Gravois, H.P. Schexnayder, Jr., and G.L. Hawkins. 2001. The effect of harvest method and plot size on the estimation of sugarcane yield. Proc. Amer. Soc. Sugar Cane Technol. 21:51-60.

Daugrois, J.H., J.W. Hoy, and J.L. Griffin. 2001. Protox inhibitor herbicide effects on Pythium and root rot of sugarcane. Am. Soc. Sugarcane Technol. Mtg., June 13-15, 2001. New Orleans, La. (J. Am. Soc. Sugarcane Technol. 22:In Press).

Gravois, K.A. and K.P. Bischoff. 2001. New sugarcane varieties pay big dividends. Louisiana Agriculture 44(4):19-23.

Gravois, K.A. 2001. Louisiana's sugarcane industry. Louisiana Agriculture 44(4):4-5.

Griffin, J.L., B.J. Viator, P.A. Clay, J.M. Ellis, D.K. Miller, S.A. Bruff, A.J. Lanie, and R.J. Lencse. 2001. Weed control: Essential to sugarcane production. Louisiana Agriculture 44(4):12-14.

Griffin, J.L., J.M. Ellis, C.A. Jones, B.J. Viator, and J.D. Siebert. 2001. Weed Science 2000 Annual Research Report, 206pp.

Hallmark, W.B., Williams, G.J., Brown, L.P. and Hawkins, G.L. 2001. Fertility research helps optimize sugarcane profits. Louisiana Agriculture 44(4):29-31.

Hallmark, W.B., Williams, G.J. and Hawkins, G.L. 2001. Management of Sugarcane Combine Residue. (Abstr.). Annual Meeting American Society of Agronomy. Charlotte, NC.

Hallmark, W.B., Williams, G.J., Brown, L.P. and Hawkins, G.L. 2001. Effect of urea nitrogen rates, a nitrogen stabilization package, winter vs. spring nitrogen fertilization, and varieties on sugarcane yields. (Abstr.) American Society of Sugar Cane Technologists 21:167.

Hallmark, W.B., Williams, G.J. and Hawkins, G.L. 2001. Management of Sugarcane Combine Residue. (Abstr.). p. 27. Environmental State of the State-VI. Thibodaux, La..

Hallmark, W.B., Williams, G.J. and Hawkins, G.L. 2001. Effect of Fall Fertilizer on Sugarcane Yields. (Abstr.). Louisiana Association of Agronomists Meeting. Baton Rouge, La..

Hoy, J.W. 2001. Controlling disease. Louisiana Agriculture 44(4):10-11.

Hoy, J.W. 2001. Planting sugarcane: Whole stalks versus billets. Louisiana Agriculture 44(4):7-9.

Hoy, J.W., A.E. Arceneaux, C.F. Savario, C.A. Richard, W.R. Jackson, and H.L. Waguespack, Jr. 2001. Billet planting research results from 2000. Sugar Bulletin 79(10):11-15.

- Hoy, J.W., and J.L. Flynn. 2001. Control of ratoon stunting disease of sugarcane in Louisiana with seedcane produced through micropropagation and resistant cultivars. *Proc. Int. Soc. Sugar Cane Technol.* 24:417-421.
- Hoy, J.W., L.B. Grelen, and J.Q. Paccamonti. 2001. Don't miss this great opportunity. *Sugar Bulletin* 79(12):17-19.
- Jones, C.A., J.L. Griffin, and J.M. Ellis. 2001. Imazapyr/diuron combinations in fallowed fields and after sugarcane planting. *Proc. South. Weed Sci. Soc.* 54:18.
- LaBorde, C.M., K.A. Gravois, and K.P. Bischoff. 2001. Fertilizer effects of older sugarcane ratoon crops in Louisiana. *Proc. Amer. Soc. Sugar Cane Technol.* 21:30-42.
- Legendre, B.L. and K.A. Gravois. 2001. The 2000 Louisiana Variety Survey. *Sugar Bulletin.* 79(10):17-21.
- Lopes, S., K.E. Damann, J.W. Hoy, and M.P. Grisham. 2001. Infectivity titration for assessing resistance to leaf scald among sugarcane cultivars. *Plant Disease* 85:592-596.
- Martin, F.A., and J.W. Hoy. 2001. Sugarcane: An important industry facing many challenges. *Louisiana Agriculture* 44(4):6.
- Milligan, S.B., M. Balzarini, K.A. Gravois, and K.P. Bischoff. 2001. Efficiency of first clonal trial selection using different plot sizes. *Proc. Amer. Soc. Sugar Cane Technol.* 21:160-161.
- Posey, F. R. and T. E. Reagan. 2001. Small plot assessment of insecticides against the sugarcane borer, 2000. *Arthropod Management Tests* 26: 107F.
- Posey, F. R., M. Ramaswamy, E. A. Ostheimer, and T. E. Reagan. 2001. Effects of insecticidal wireworm control on non-target arthropods on sugarcane, 2000. *Arthropod Management Tests* 26: 109F.
- Reagan, T. E. 2001. Integrated pest management in sugarcane. *Louisiana Agriculture.* 44(4): 16-18.
- Reagan T. E. 2001. Value of nontarget organisms. *Louisiana Agriculture.* 44(4): 18.
- Reagan T. E. and M. O. Way. 2001. Mexican rice borer threat. *Louisiana Agriculture.* 44(4): 17.
- Reagan, T.E. and F.R. Posey. 2001. Development of an insecticide management program that enhances biological control. *J. International Society of Sugarcane Technologists.*24: 370-373.
- Reagan, T. E. and F. R. Posey. 2001. Small plot assessment of insecticides against the Mexican rice borer in sugarcane, 2000. *Arthropod Management Tests* 26: 108F.

- Reagan, T. E., F. R. Posey, C. Blanco, R. Miller, and J. W. McGee. 2001. Small plot assessment of insecticides against the Mexican Rice Borer in sugarcane, 2000. *Arthropod Management Tests* 27: 110F.
- Rodriguez, L. M., T. E. Reagan, and J. A. Ottea. 2001. Susceptibility of *Diatraea saccharalis* (Lepidoptera: Crambidae) to tebufenozide. *J. Economic Entomology* 94(6): 1464-4170.
- Rodriguez, L. M., J. A. Ottea, and T. E. Reagan. 2001. Selection, egg viability, and fecundity of the Sugarcane Borer, *Diatraea saccharalis* (F.) with tebufenozide. *J. Economic Entomology* 94(6): 1553-1557.
- Schexnayder, Jr., H.P., T. E. Reagan, and D. R. Ring. 2001. Sequential Sampling for the Sc Borer (Lepidoptera: Crambidae) on Sugarcane in Louisiana. *J. Economic Entomology* 94 (6): 766-771.
- Siebert, J.D., J.L. Griffin, E.P. Castner, J.M. Ellis, and C.A. Jones. 2001. Evaluation of hexazinone/diuron combinations in sugarcane. *Proc. South. Weed Sci. Soc.* 54:17.
- Viator, B.J., J.L. Griffin, J.M. Ellis, and C.A. Jones. 2001. New chemistries for weed control in sugarcane. *Proc. South. Weed Sci. Soc.* 54:190-191.
- Viator, B.J. and J.L. Griffin, 2001. Morningglory (tie-vine) management in sugarcane. Louisiana Division, American Society of Sugarcane Technologists Mtg., February 6, 2001. Baton Rouge, La...
- Viator, H. P. and J. L. Griffin. 2001. Fallow period cropping to soybeans can provide benefits. *Louisiana Agriculture* 44(4):15.
- Viator, H. P. and Ronald Hebert, Jr. 2001. Sugarcane on clay soil responds to irrigation. *Sugar Bull.* 79(7):23-25.
- Viator, Howard P. 2001. Irrigation of sugarcane on clay in a high rainfall environment. *Sugar J.* 64(1):32.
- Way, M. O., T. E. Reagan, and F. R. Posey. 2001. Mexican rice borer in sugarcane and rice: significance to Louisiana and Texas industries. *Sugar Journal* 64(1): 27-28.
- Way, M.O. and T. E. Reagan. 2001. Borers invade: Mexican rice borers move into Texas ricefields and threaten yields. *Rice Journal* 104(5): 20-21.
- White, W. H., T. E. Reagan, and D. G. Hall. (2001). *Melanaphis sacchari* (Homoptera: Aphididae), a sugarcane pest new to Louisiana. *Florida Entomologist* 84(3): 435-436.
- Woolwine, A.E., and T.E. Reagan. 2001. Potential of winter cover crops to increase abundance of *Solenopsis invicta* and other Arthropods in sugarcane. *Environmental Entomology* 30(6): 1017-1020.
