

Acadiana District Livestock Show 2023 Camper Parking

General Information

1. The 2023 ADLS is scheduled for **January 24-28, 2023**. We will have approximately 54 camper spaces with full hook-ups (water and electricity) available. The spaces are located in 6 camper lots scattered across the show grounds **as indicated on the attached map**. The number of spaces available in each lot is as follows:
Lot #1 - 15 spaces
Lot #2 - 5 spaces
Lot #3 - 10 spaces (we had parked 15 in this lot in prior years but have again reduced to 10 to aid w/electrical issues)
Lot #4 - 2 spaces
Lot #5 - 16 spaces
Lot #6 - 6 spaces
2. There will be a **\$90 flat fee for 2023** to occupy one of these spaces during the show. All hook-ups have 30 amp power with the exception of Lot #3 which has 15 amp but also provides the most room/space.
3. In addition to the 54 hook-up spaces we will also have a self-contained/overflow lot with no water or electricity available at a **flat fee of \$25**.
4. **Those interested in applying for a camper space must complete the form at the bottom of this page and return it along with their check for the appropriate amount by DECEMBER 9th, 2022.** After December 9th, 2022 a \$15 late fee will be assessed for any hook-ups still available. This late fee will not apply to the self-contained/overflow lot.
4. For the 54 hook-ups, if there are more applications than spaces available, or more requests per lot than spaces available, drawings for lots will be conducted. Immediately afterwards, drawings for spaces within each lot will be conducted. Anyone requesting a hook-up space and not being awarded one will have their \$90 check returned and given the option to be placed in the overflow lot at the \$25 rate.
5. Just prior to or immediately following the Christmas Holidays, all applicants will be sent further details and instructions regarding camper parking assignments, along with parking passes and other final arrangements.
6. Camper will be allowed and should arrive on the show grounds from 1:00 – 8:00 PM on Tuesday, January 24, 2023 and on Wednesday, January 25, 2023 from 9:00 AM – 2:00 PM.
7. When requesting camper lot assignments, keep in mind that lots #1 and #2 are usually the most heavily requested; so if parking next to someone else or as a group is a high priority then selecting another lot as your first choice would increase your chances of this request being honored. Also, although Lot #3 has less power it also has the most room and may be preferred by those who like to spread out. Additionally, those who request/draw Lot #3 will be provided a \$25 rebate option to be redeemed prior to the conclusion of the show on Saturday upon request.
8. All applicants should also notify the agent in their respective parish that they are applying for a District Show camper space.
