

Coastal Wetlands Education with Jefferson Parish 4-H

Jefferson Parish 4-H is pleased to offer science based hands on experiential learning in your school. Our focus will be on coastal Louisiana and will incorporate math, biology, ecology, geography, oceanography and geology. Though a series of 6 lessons, delivered by your 4-H Agent, youth will learn to evaluate coastal land loss, effects of storm surge, and changes in water quality (temperature, density, oxygen content, density, and pollution such as nutrient loading and plastics).

*This program is can be offered as a series or one-day enrichment program, during or after school.

*Field trips available.

Requirements:

- School 4-H sponsor / volunteer
 - Registration
 - Fee of \$10.00 per student– this will entitle registered youth to register for all 4-H parish, regional, and state events, competitions and camps.
- *If there are barriers regarding registration let us know.

Space is limited, classes will be offered on a first come first served basis.
