SELECT YOUR PARTICIPANT TYPE

<input type="checkbox"/>	Youth: Attending-Contestant	\$50.00
<input type="checkbox"/>	Youth: Not Attending-Contestant	\$10.00
<input type="checkbox"/>	Youth: Clover College &/or Photography/Visual Arts	\$50.00
<input type="checkbox"/>	Agent/AgCenter Employee/Adult Volunteer	\$0.00

SELECT YOUR CONTEST:

ONLY ONE CONTEST PER DAY

WEDNESDAY CONTESTS

<input type="checkbox"/>	4-H Has Talent
<input type="checkbox"/>	ATV Safety
<input type="checkbox"/>	Automotive Care
<input type="checkbox"/>	Career Prep Interview
<input type="checkbox"/>	Child Development
<input type="checkbox"/>	Consumer Decision Making
<input type="checkbox"/>	Consumer Foods Evaluation
<input type="checkbox"/>	ESports
<input type="checkbox"/>	Fishing Sports
<input type="checkbox"/>	Healthy Living Demo
<input type="checkbox"/>	It's Sew You
<input type="checkbox"/>	Ready To Wear
<input type="checkbox"/>	Upcycled Fashion
<input type="checkbox"/>	Horticultural ID & Evaluation
<input type="checkbox"/>	Insect ID
<input type="checkbox"/>	Livestock Judging
<input type="checkbox"/>	Meat ID
<input type="checkbox"/>	Outdoor Skills
<input type="checkbox"/>	Plant ID & Evaluation
<input type="checkbox"/>	Public Speaking-Any
<input type="checkbox"/>	Robotics
<input type="checkbox"/>	STEM Method Demonstration
<input type="checkbox"/>	Tiger Tank
<input type="checkbox"/>	Vet Set Geux

THURSDAY CONTESTS

<input type="checkbox"/>	Civic Engagement Leadership Illustrated Talk
<input type="checkbox"/>	Civic Engagement Leadership Method Demonstration
<input type="checkbox"/>	Healthy Living Illustrated Talk
<input type="checkbox"/>	Personal Trainer
<input type="checkbox"/>	Poultry Judging
<input type="checkbox"/>	Public Speaking Co-
<input type="checkbox"/>	Promote 4-H Graphic Design
<input type="checkbox"/>	STEM Illustrated Talk
<input type="checkbox"/>	Sports Broadcasting
<input type="checkbox"/>	Teens Driving Teens
<input type="checkbox"/>	Next Food Star
<input type="checkbox"/>	Tractor Operations
<input type="checkbox"/>	Zero Turn Mower

VIRTUAL OR NO PARTICULAR DAY CONTESTS

<input type="checkbox"/>	Photography (Virtual)
<input type="checkbox"/>	Visual Arts (Pre-Submit)

HOW ARE YOU COMPETING IN THIS CONTEST?

<input type="checkbox"/>	TEAM
<input type="checkbox"/>	INDIVIDUAL

IF YOU ARE PARTICIPATING AS A TEAM, PLEASE LIST THE MEMBERS OF YOUR TEAM.

(Judging Contests teams will be determined by contest scores)

IF ENTERING A PUBLIC SPEAKING, METHOD DEMONSTRATION, OR ILLUSTRATED TALK PLEASE PROVIDE THE TITLE OF YOUR PRESENTATION IF KNOWN.

IF ENTERING STEM DEMONSTRATION, WILL YOU BE USING A LIVE ANIMAL IN YOUR PRESENTATION?

<input type="checkbox"/>	NO
<input type="checkbox"/>	YES

VISUAL ARTS CONTESTANTS

Please select the category your entry goes in

<input type="checkbox"/>	Class 1: Chalk/Carbon/Pigment Division A Canvas, Paper, Glass
<input type="checkbox"/>	Class 1: Chalk/Carbon/Pigment Division B Wood, Metal, Textiles
<input type="checkbox"/>	Class 2: Clay
<input type="checkbox"/>	Class 3: Computer Generated Art
<input type="checkbox"/>	Class 4: Fiber

<input type="checkbox"/>	Dorm Room- Thursday (Single Occupancy)	60.00

IF STAYING IN HOTEL, PLEASE PROVIDE NAME(S) OF HOTEL?

IF SHARING LODGING SPACE WITH ANOTHER PARISH, PLEASE PROVIDE.

CLOVER COLLEGE

2D and 3D Drafting

Participants will learn the basics of 2D/3D drafting, 3D printing, and tour the LSU additive and subtractive manufacturing facility, the Advanced Manufacturing and Machining Facility. Technical drawings are used to supply instructions for manufacturers to make everything we touch and hold. Participants will learn how technical drawings are made and read. After discussions of different ways to machine a part, and some basic material differences, the tour will consist of viewing several machining tools and 3D printers.

Field of Dream: Turfgrass Makes Sports Happen

Participants will be introduced to the unseen connections between horticulture, agronomy, arithmetic, and sports. Take a sneak peek into the behind-the-scenes action before an athletic event while learning the connection between the field and how the field may affect the potential outcome of a game. Participants will venture onto multiple LSU sports playing fields and complete hands-on interactive activities that help demonstrate the connection between the behind the scenes work and what you see when you watch an event.

Forensics: The First 48

Forensics? What does that mean? It is the application of science to solve crimes. If you love science, puzzles and putting the pieces together, this Clover College session is for you! The first forty-eight hours of an investigation are crucial in determining the answers to Who? What? When? Where? and How? at the scene where a crime has been committed. Time is very critical and so is the information that will be provided in this session. This Clover College session will offer a Forensics Frenzy of information, activities, games, crime scene mysteries and more. Participants will learn the difference between Hollywood and a real crime scene. Participants will have opportunities to learn the methods of observing, gathering, and analyzing physical evidence to solve mysteries. This hands-on session doesn't stop there. This session will offer great opportunities in the field of Forensics. There is so much to be experienced in this exciting session. Join us for some Forensic Fun!

Graphic Design – A Career in Visual Language

Ever wondered how you could get a job doing what you love? If you enjoy art, color, type and graphics, you could be a graphic designer. Designers develop graphics that promote a message, sell products, communicate ideas, or build name recognition. Meet professional designers from the LSU AgCenter and learn about what is involved with getting an art degree. This class will focus on branding and design principles, as well as different areas of graphic design.

2023 LOUISIANA 4-H UNIVERSITY

CLOVER COLLEGE & ED. WORKSHOP DESCRIPTIONS

Health Professionals at FranU

Participants will learn about a variety of career opportunities within health professions that include Biology, Nursing, Radiologic Technology, as well as Respiratory Therapy and theology at FranU. Participants will explore the Simulated Environment Teaching Hospital on campus. This will give participants the opportunity to take part in different simulations, use newly upgraded anatomage table, and work together in different clinical and lab settings.

Clover BattleBots

Get ready for the ultimate showdown! BattleBots brings the craftsmanship of engineering together with the high octane-excitement of a robotics competition. You'll customize, build, and wire a base for your robot with VEX Robotics Design System. Using VEX C++, you and your team will code your bot to take on daily challenges against other bots to see who can take the lead and get the highest score. You'll optimize your bot's hardware and software as it competes against your peers' creations, ensuring maximum chance of victory.

How to Become a "Dogtor": LSU Vet School

Thinking about becoming a "Dogtor" (veterinarian)? Veterinarians do so much more than just take care of pets. Participants will learn about different components of veterinary science. They will participate in activities that demonstrate the various areas of study available through veterinary science such as anatomy, clinical skills, careers in veterinary medicine, and disaster preparedness for animals. Youth will also be introduced to some of the animals being helped at the LSU School of Veterinary Medicine.

EDUCATIONAL WORKSHOPS

Food Insecurity On College Campuses: Service Project

Learn about food insecurity on college campuses, explore the operations of the on-campus food pantry, and help stock the pantry for patrons (participants are encouraged to bring a non-perishable item to restock the pantry) Participants will also participate in a state service project.

Explore LSU Athletics Facilities & Careers: Walking Tour

Learn about the LSU athletic facilities, and careers in athletics by participating in this facility walking tour.

So You Want to Be A Vet? LSU Vet School Tour

Learn all about the LSU Vet School services and programs on this guided tour.

Energize and Recharge Your Leadership

Explore ways to strengthen leadership skills and develop fun activities for Jr. Leader clubs to increase engagement in the upcoming school year.

Get to Know Your Insects

Explore the insect museum and rearing room for cockroaches. Find out the difference between pests and the other 99% of insects that are not.

LSU College of Agriculture

Far beyond a campus tour, this experience will immerse participants into the LSU culture as they work with faculty and staff in the College of Agriculture. Participants will learn about our history, traditions, and why we Love Purple as well as understanding how we Live Gold by sitting in on classes and working with faculty from across the college.

LSU Engineering & Robotics Tour

Learn all about the LSU engineering and robotics program on this guided tour. Explore possible careers while participating in hands on engineering projects.

National Conference Delegates: What's this 4-H Opportunity About?

Come meet the 2023-2024 National Conference Delegates and find out more about their experiences while in Washington D.C. During this session you will hear about the global issues that are affecting their communities and how 4-H can assist.

Driving Towards Zero Deaths: Louisiana Council of Transportation Safety

Participants will learn ways to good driving behaviors and ways to avoid distractions in a vehicle.

Lights, Camera, Action

Become a tech wizard and learn more about video production and editing.

Tiger Tank

Up for a challenge? Innovative problem solver? Maker? Doer?.....Join us for the Tiger Tank Entrepreneurship Education Session at LSU's Business Education Complex, where you'll tackle creative challenges and polish your public speaking skills.

Trash Garden

Recycle those kitchen scraps! Discover how easy and affordable it is to start gardens from trash while making healthy food choices available for all!

Front Yard Bikes

Front Yard Bikes creates a safe space for youth to realize their intrinsic worth, while we help them learn, grow, and build! The heart of our organization is motivated by compassion for kids from low-income families that are willing to work for a better community. They hope to impact the youth of Baton Rouge one bike at a time, one heart at a time, because the youth of today are the leaders of tomorrow. FYB has evolved into a transformative force, teaching youth mechanics and workforce skills, while promoting inclusivity, mentorship, recreation, and academic achievement. We do this through safe, free, after-school and summer programming. Our youth are taught responsibility and become peer leaders as they are faced with ethical and moral questions in their day-to-day lives.

Coastal Protection and Restoration

Participants will explore The Water Campus to learn more about the Mississippi River. Participants will discover tools and methods that are being used to rebuild our coast.

Finding Your Way

For many of us we struggle with our purpose: what we want to do in our life. We question every day why we are doing certain things or living a certain way. We strive to be leaders and role models, but cannot answer the most simple question: why? In this workshop, participants will dive deep into our purpose, or our "why", as we create goals for our future.

LSU's Declassified Law School Survival Guide

Have you ever thought about going to law school? Do you wonder what it takes to get into law school and to be a law student? In this session, law students, law professors, and lawyers will share some of their experiences and tell you what law school and being a lawyer is like from inside. Come find out if law school might be right for you!

FOODii

Learn about the LSU AgCenter Food Innovation Institute, FOODii. A resource center where entrepreneurs can start a food business, process foods, receive technical and marketing assistance, and benefit from expert advice and research on food safety and food sustainability

Seeds to Success

Dig in and learn more about gardening in your school and home with the Seeds to Success program.

Zydefit

ZydeFit takes dancers and fitness enthusiasts of all levels through fun, full body workouts designed to tone muscle, increase endurance, and improve coordination. Learn about Cajun and Creole culture while also getting a great workout.
