

FOR HANDS TO LARGER SERVICE

ACADIA PARISH *Sewing* CLUB

This year, our Sewing Club is growing with purpose! We are excited to focus our efforts on sewing for various charitable organizations. As a club, we will come together to create beautiful quilts and a variety of other handmade items – all of which will be donated to those in need.

Through this work, members will not only develop valuable sewing skills but also cultivate a servant's heart as they experience the joy of giving through their craft. Whether you're an experienced sewist or just beginning, there's a place for you in this meaningful journey of service and creativity.
