Achievement Day

When: Saturday, April 9, 2022, from 9:00a.m. – 12:30p.m.

Where: Westgate High School, 2305 Jefferson Island Road

4-H'ers, be sure to make plans to attend the last big 4-H activity of the year! Mark your calendars and join us at Westgate High School on Saturday, April 9th! Achievement Day is also an opportunity for 8th-12th graders to qualify for 4-H University. Each club will have the opportunity to participate in the Song & Yell Contest and each member can participate in a variety of individual contests. Contest rules will be given out at March club meetings.

February Educational Program

For this month's educational program, we will learn about aerodynamics. Aerodynamics is the way air moves around objects. The rules of aerodynamics explain how an airplane is able to fly. Anything that moves through air reacts to aerodynamics. Helicopters stay in the air using spinning blades which generate an upwards push called "lift." With enough lift, the helicopter can overcome the force of gravity.

For our activity, we will create a simple paper helicopter called a "whirlybird."
