Earn supplemental income from your land

This one day workshop will provide landowners and current or prospective businesses with information on supplemental income opportunities from natural resource tourism. Targeted participants include coastal landowners, farmers, charter and guide fishermen, marina owners, and swamp tour operators.

Talk directly to experts and business owners

Morning presentations will allow you ask questions and talk to legal experts, economists, local outdoor business owners, ecotourism operators, marketing specialists, and more.

Learn about different outdoor businesses

Not sure what business might be right for you? We'll talk about the various types of outdoor businesses, including the pros and cons and income potential of each. Examples include: alligator hunting, birding, harvesting resources on your land, photography, and more.
